Harvest for Health a Success~ Thank You!

The Fourth Annual Harvest for Health was held Friday, September 30th at the State Theater. We all had a wonderful time enjoying food, drinks, and live music. Abby Gallino coordinated the silent auction which included a one week stay at a beach house in Cayucos, California, donated by Ron and Dorothy Michaelis. Other auction items included wine, chocolate, an ice-cream cake, Shakespeare Festival tickets, forty pounds of beef, and numerous baskets from local businesses. A big thank you to Abby and all who donated auction items!

Due to the generosity of our sponsors and everyone who donated, the Family Counseling Center was able to raise over \$8000 to support reduced fee counseling for families and children. Over the past year, FCC has created more office space for counseling at its main location and has been able to maintain services available at a satellite location. The expansion has been a community-wide effort with help from the Hope Chest, Tehama County Probation Department, Red Bluff Rotary Club, Glenn Jacobs Construction, and many individuals who have donated money and in-kind help. Due to this expansion, FCC has increased the number of clients served by 30% in the past year.

Thank you again to our generous sponsors:
